**TENDER PERIOD : From 29<sup>th</sup> Sept 2025 to 10<sup>th</sup> Oct 2025**

**COVER NOTE**

**TENDER EXPECTATION:**

Dear Sir/Madam,

We appreciate your interest in submitting a tender for our festive money packets. To ensure the final product meets our quality expectations, we would like to outline some important specifications and standards.

In addition to the provided specifications, we expect the quoted price to reflect the use of suitable paper quality and the capability to achieve proper finishing, as indicated in the specifications.

We kindly request that the final product meets the expected standards, including careful folding and gluing to avoid any visible marks or inconsistencies, such as crooked folding lines or visible glue marks.

Additionally, the **random numbers printed** on the angpow packets should be unique, with **no repetition within the same packed set**.

We also want to ensure that the final printing design looks visually appealing, making our customers happy to receive the angpow packets and adding festive cheer to their celebrations.

If selected, we would appreciate if you maintained open communication with us throughout the process to address any concerns or adjustments needed.

Printing samples are also required before full production to ensure the final product aligns with our expectations. Please note that we will not hesitate to return any printing that falls below our expectations.

We appreciate your collaboration and expect that vendors who submit their tenders will also play an active role in ensuring quality control throughout the process and meet our required delivery deadline. We look forward to working with a vendor who aligns with our values and quality expectations.

Thank you for your attention to these details.
