Printing Quality

The finished product should meet the following quality standards:

- A noticeable tactile finish while maintaining excellent print quality.
- A finish that is aesthetically pleasing, durable, and consistent across the entire production run.
- Accurate colours, sharp images, clear text, and the overall integrity of the printed artwork.
- A final product that reflects our brand image and creates a premium, festive experience for our customers.

TENDER TITLE : 2027 CNY ANGPOW TENDER SPECIFICATION

TENDER PERIOD : From 30th Jul 2026 to 19th Aug 2026

Folding & Gluing Quality

The finished angpow packets shall meet the following workmanship standards:

- Fold lines shall be straight, clean and accurately positioned, with no cracking or breakage.
- Folded packets shall lie flat and maintain their intended shape without twisting or warping.
- Glue shall be evenly applied to ensure a secure bond, with no visible glue marks, seepage or staining.
- Glued seams shall be fully bonded with no lifting edges, open joints or separation during normal handling.
- The pocket opening shall remain unobstructed and allow smooth insertion of banknotes.
- Finished packets shall be neat, square and free from dents, scratches, tears, creases, wrinkles or other workmanship defects.
- Workmanship and finishing quality shall be consistent throughout the entire production run.
- Any packet exhibiting visible workmanship defects, including misaligned folds, open glue joints, excessive glue residue, torn edges, crushed corners or damaged surfaces, shall be deemed non-conforming and may be rejected.

Random Number Printing

- Magnum will provide 300 approved pairs of 4-digit number combinations.
- Supplier shall print the numbers exactly as supplied.
- No alteration or duplication is permitted.

Quantity

- 3,000,000 pieces

Packing

- 5 pieces per pack.
- Supplier is encouraged to minimise plastic packaging and use environmentally friendly materials where practical.
- Packets must not be creased, bent, folded, crushed, scratched, stained, or otherwise damaged during packaging, storage, or transportation.
- Packaging methods that may leave pressure marks or indentations, including the use of rubber bands, shall not be used.
- Appropriate protective packaging should be used to prevent movement or damage during transit.

TENDER TITLE : 2027 CNY ANGPOW TENDER SPECIFICATION

TENDER PERIOD : From 30th Jul 2026 to 19th Aug 2026

Artwork & Confidentiality

- Suppliers who wish to participate in this tender will be required to sign a Non-Disclosure Agreement (NDA). Upon receipt of the signed NDA and confirmation of their interest to tender, the final artwork will be provided for the purpose of preparing their quotation.
- All artwork, designs, specifications, samples and related materials remain the intellectual property of Magnum and are strictly confidential. They shall not be reproduced, disclosed, copied or used for any purpose other than the preparation of this tender without Magnum's prior written consent.

Pre-production Sample

- Supplier must submit production samples for approval before mass production.

Product Acceptance

- Magnum reserves the right to reject products that do not comply with these specifications or approved samples.

CLOSING DATE : 19th Aug 2026, before 12:00 PM.

TENDER TITLE : 2027 CNY ANGPOW TENDER SPECIFICATION
TENDER PERIOD : From 30th Jul 2026 to 19th Aug 2026
COVER NOTE

Dear Sir/Madam,

Thank you for your interest in participating in our tender for the production of the 2027 Chinese New Year Angpow packets.

Please find enclosed the Tender Specification, which outlines the technical requirements, quality standards, packaging requirements and production expectations for this project. Kindly review the document carefully and ensure your quotation is based on the stated specifications.

When submitting your tender, please include:

- Your quotation based on the specifications provided.
- Samples of the proposed material and finishing (where applicable), particularly for any special finishes.
- Estimated production lead time.
- Any assumptions, exclusions or deviations from the specifications for our consideration.

Should your company be appointed, we look forward to maintaining open and timely communication throughout the production process to address any questions or required adjustments. Pre-production printing samples must be submitted for our review and written approval before mass production begins.

We also expect our appointed supplier to implement appropriate quality control throughout the production process to ensure all deliverables meet the agreed specifications, quality standards and delivery timeline. Products that do not meet the required specifications or expected quality standards may be rejected and returned for replacement.

We appreciate your attention to these requirements and look forward to working with a supplier who shares our commitment to quality, craftsmanship, and delivering a festive product that our customers will be delighted to receive.

Thank you.
